ACCOUNTING AUTHORITIES OF SCHEDULE 2 AND 3 PUBLIC ENTITIES
HEAD OFFICIALS OF PROVINCIAL TREASURIES
ACCOUNTING OFFICERS OF MUNICIPALITIES AND MUNICIPAL ENTITIES

1. PURPOSE

- 1.1 The purpose of this Circular is to provide information to accounting officers (AOs) and accounting authorities (AAs) in terms of which they may procure the aforementioned products which have been designated as a sector for local production and content.

2. BACKGROUND

- 2.1 The Preferential Procurement Regulations, 2017 ('the regulations'), made in terms of section 5 of the Preferential Procurement Policy Framework Act, 2000 (Act No 5 of 2000), which came into effect on 01 April 2017, make provision for the Department of Trade and Industry (**the dti**), now the Department of Trade, Industry and Competition (**the dtic**), to designate sectors in line with national development and industrial policies for local production.
- 2.2 Regulation 8(2) of the regulations prescribes that in the case of a designated sector, an organ of state must advertise the invitation to tender with a specific condition that only locally produced services or goods or locally manufactured goods with a stipulated minimum threshold for local production and content, will be considered.
- 2.3 To this end, **the dtic** has designated and determined the stipulated minimum threshold for the Cement sector for local production and content.
- 2.4 The designation is applicable to all purchases regardless of the procurement method followed and there is no financial threshold.

**PPPFA DESIGNATED SECTOR CIRCULAR NO. 01 OF 2021/2022
INVITATION AND EVALUATION OF BIDS BASED ON A STIPULATED MINIMUM THRESHOLD FOR
LOCAL PRODUCTION AND CONTENT FOR THE CEMENT SECTOR**

3. SECTOR DESIGNATION

3.1 The stipulated minimum threshold percentages for local production and content in respect of bagged and bulk cement produced using locally produced raw materials are as follows:

Cement type	Description	Application	Stipulated Minimum Threshold
Cem I	Pure portland cement with a 95-100% clinker.	All civil and building construction as appropriate	100%
Cem II	Portland cement containing varying additions of secondary materials, i.e. fly ash, pozzolana, slag, silica fume, or limestone	All civil and building construction as appropriate	100%
Cem III	blast furnace cement, 50% OPC, 50% blast furnace slag	All civil and building construction as appropriate	100%
Cem IV	pozzolanic cement, OPC and fly ash	All civil and building construction as appropriate	100%
Cem V	composite cement: slag and ash cement. Blended cements with more than one blending material	All civil and building construction as appropriate	100%
Masonry cement	Mixture of Portland cement and plasticizing materials such as limestone to improve setting time	use in mortar, brick, block, and stone masonry construction	100%

3.2 In the designation, all the cement types contained in the above table must be manufactured using locally produced clinker and locally sourced secondary materials (eg gypsum, fly ash, ground granulated blast furnace slag, limestone and silica fume).

3.3 In terms of bagged cement, the imported component of the packaging bag used in the manufacture and packaging of cement will be deemed to have been sourced locally. These inputs should be imported in raw material form for further fabrication in South Africa. The imported input raw materials (paper), as specified above, used in the packaging of cement will be deemed to have been sourced locally for the purposes of calculating local content.

3.4 All the cement types in the above table must comply with the requirements of SANS 50197 or SANS 50413 and are required to have a Letter of Authority (LoA) issued by the National Regulator for Compulsory Standards (NRCS).

4. INVITATION OF BIDS FOR CEMENT

- 4.1 Bids in respect of Cement must contain a specific bidding condition that only locally produced or locally manufactured cement with a stipulated minimum threshold for local production and content will be considered.
- 4.1.1 Bids in respect of cement must further contain a specific bidding condition which states that: If the quantity of materials and/or products required cannot be wholly sourced from South African based manufacturers and/or at the designated local content threshold at any particular time, bidders should obtain written approval from **the dtic** to supply the remaining portion at a lower local content threshold. **the dtic**, in consultation with the procuring organ of state, will grant such approval on a case-by-case basis and will consider the following:
- required volumes in the particular bid;
 - available collective South African industry manufacturing capacity at that time;
 - delivery times;
 - availability of input materials and components;
 - technical considerations including operating conditions;
 - materials of construction; and
 - Security of supply and emergencies.
- 4.1.2 Bidders must clearly indicate in their bids the quantities of material and products to be supplied and the level of local content for each product.
- 4.1.3 The turn-around time for processing of authorisation requests is 5 working days from the date of receipt. Therefore, such applications should reach **the dtic** at least five days before closing date and time of bid.
- 4.1.4 The approval process that **the dtic** follows is that if there is a particular designated product and the minimum threshold for local content cannot be met for various reasons, bidders must apply for approval or authorisation (when the tender is still open, before closing date). After checking with the industry, **the dtic** will then decide whether or not to grant an authorisation. This is per bid.
- 4.1.5 The tender information / relevant information must be provided on the tenderer's / supplier's letterhead when requesting an authorisation letter:
- Procuring entity/government department/state owned company,
 - Tender/bid number,
 - Closing date,
 - Item(s) for which the approval is being requested for,
 - Detailed specifications issued by the procuring entity,
 - Local content that can be met,
 - Reason(s) for the request,
 - Supporting letters from local manufacturers/sub-suppliers.
